To the Patriots of the American Revolution and the descendants who kept their memory alive.

FOREWORD

This first edition of the DAR PATRIOT INDEX is published at a time when wide interest is being aroused in the history of the American Revolutionary War era, during which the patriots listed herein lived. Of particular note is the fact that on July 4, 1966, the President of the United States of America signed into law a bill establishing the American Revolution Bicentennial Commission, "to plan, encourage, develop and coordinate the commemoration of the American Revolution bicentennial."

For this DAR PATRIOT INDEX to be in print at the time of the 200th Anniversary of the American Revolution is a tribute to the memory of these patriotic men and women, and it is indeed fitting for it to be published by the Daughters of the American Revolution. One or more descendant "Daughters" of each of these patriots has joined the National Society, Daughters of the American Revolution. Through their membership and work in the Society, they have endeavored to maintain and preserve the ideals these patriots endorsed, and for which they fought.

Acknowledgment is made to Mrs. Frank L. Harris of Wisconsin and the members of the Patriot Index Committee, NSDAR, for their enthusiasm and hard work in making this publication possible not only for DAR members but for all researchers of genealogy and history.

This project represents another special Diamond Jubilee achievement honoring the National Society, Daughters of the American Revolution and its 75 years of service to the Nation. It is hoped that this Index will assist many more descendants of American Revolutionary patriots to join the NSDAR. May the Society continue to render ever greater service to future generations.

NATIONAL SOCIETY
# of the
DAUGHTERS OF THE AMERICAN REVOLUTION

Objects

The objects of this Society as stated in Article II of the Bylaws are:

1. To perpetuate the memory and spirit of the men and women who achieved American Independence; by the acquisition and protection of historical spots and the erection of monuments; by the encouragement of historical research in relation to the American Revolution and the publication of its results; by the preservation of documents and relics, and of the records of the individual services of Revolutionary soldiers and patriots; and by the promotion of celebrations of all patriotic anniversaries.

2. To carry out the injunction of Washington in his farewell address to the American people, "to promote, as an object of primary importance, institutions for the general diffusion of knowledge" thus developing an enlightened public opinion, and affording to young and old such advantages as shall develop in them the largest capacity for performing the duties of American citizens.

3. To cherish, maintain, and extend the institutions of American freedom, to foster true patriotism and love of country, and to aid in securing for mankind all the blessings of liberty.

PREFACE

This DAR PATRIOT INDEX contains the names of Revolutionary patriots, both men and women, whose service (between 1774-1783) and identity have been established by the National Society, Daughters of the American Revolution from its organization in October 1890 through the June 1966 meeting of the National Board of Management: over 105,000 names. Included with the alphabetically listed names are the dates of birth and death, name(s) of wife (wives) or husband(s), rank or type of service, and the State where the patriot lived or served. If pension papers are known to exist, this fact is indicated.

This Index has been compiled from data extracted from original applications of members of the Daughters of the American Revolution, from published references, and from exhibits of proof such as authenticated copies of unpublished documents which are on file with the Society. Full credit is given to the members and the staff of the Society for their persistence and skill in the difficult work of obtaining, compiling, and checking this data.

Omission from this volume of any name in the DAR ancestor index is due to conflicting data, received over the years, which raised some question about the patriot. As members or future applicants present substantiating information to satisfactorily prove the line and service of the patriot, the name will be included in a supplement to this Index. To the best of the knowledge of the Committee members the identity of each patriot listed herein has been established and the service accepted.

The files in the offices of the Registrar General are used only by the staff and are not available to those doing research or to the general membership. Frequent inquiries about Revolutionary ancestors are received in these offices and result in much correspondence. At the suggestion of Mrs. Albert Grover Peters, present Registrar General, a committee was appointed by Mrs. William Henry Sullivan, Jr., President General, to produce this book. Its main purpose is to assist genealogists in DAR Chapters who are working on application papers of prospective members and to eliminate the necessity for much correspondence. In addition, the Index could save many hours of research for all historians and genealogists compiling family histories.

To compile over 105,000 names and other data in one volume of usable size, it has been necessary to abbreviate all words other than names of patriots and spouses. When the patriot's service is military, the proven highest rank attained is given; other services have been classified as Patriotic Service or Civil Service. A guide to the use of this Index and a list of the symbols and abbreviations follow.

Members of the Patriot Index Committee have been happy and eager to do everything possible to aid in the production of this long-needed and highly useful reference book, but wish to give particular credit to the chairman, Mrs. Frank L. Harris, and to Miss Eunice B. Haden.

It is with pride that this DAR PATRIOT INDEX is published by the National Society, Daughters of the American Revolution to list in one volume our patriot ancestors and their vital data and to provide a means through which other descendants may more readily become members of a great and beloved patriotic society.

Key to Using DAR PATRIOT INDEX

The names of patriot ancestors are arranged alphabetically. A patriot will be found listed under the most commonly used spelling of the surname. All names which are pronounced similarly are grouped together. Should your ancestor not be listed under the name as you spell it, try other spellings. Remember that our vowels are often interchangeable in sound. For example there are eight known variations of spelling for the name "Bevans," but this Index uses "Bevans" only.

Men of the same name (and some with service in the same State) are identified by their birth and death dates, and by the wife's name. There may be instances when the researcher will desire information on the patriot's children. It was impossible to include that data here. The NSDAR requires proof *only* of the child through whom the member descends.

Study the pages containing the Symbols and Abbreviations for ease in understanding what the symbols denote. If the existence of pension papers is indicated by a star (★), a photocopy may be obtained from the National Archives and Records Service, Central Research Room Branch, Washington, D. C. 20408.

Questions regarding further data on these patriots cannot be answered by the Registrar General's Office. A photocopy of an application paper of a related member is available for a small fee. If the line is "closed" by request of an active member, notification will be sent and money refunded. If there is on file more than one application paper on the line of an ancestor, a copy of the most complete "open" paper will be sent.

A request for a photocopy should be mailed with check to the Treasurer General, NSDAR, 1776 D Street, N.W., Washington, D.C. 20006. Since the amount of the fee may change, consult the DAR Handbook. Current price is $2.00. The order *must* include the following information: (1) date of request; (2) name of DAR member or prospective member; (3) Chapter and location of Chapter; (4) name of ancestor and page number in the DAR PATRIOT INDEX; (5) name and complete address including zip code of individual to whom photocopy is to be sent, if other than the one placing the order:
